

DEPARTMENT OF ENERGY**Federal Energy Regulatory
Commission****[Docket No. RP97-503-001]****Wyoming Interstate Company, Ltd.;
Notice of Tariff Filing**

October 9, 1997.

Take notice that on October 6, 1997, Wyoming Interstate Company, Ltd. (WIC) tendered for filing as part of its FERC Gas Tariff, First Revised Volume No. 1, Substitute Second Revised Sheet No. 62, in compliance with the Commission's Order dated September 25, 1997.

That order identified an error in the proposed tariff sheet mentioned above. The original WIC filing of August 28, 1997, changed the method WIC uses to bill flowing gas under firm transportation agreements from receipts to deliveries as well as making certain housekeeping-type revisions. The error noted by the Commission did not appear on the "redlined" version of the tendered tariff sheet, but, through an oversight, the Second Revised Tariff

Sheet No. 62 in publication format and the electronic version were not updated. WIC's October 6 filing corrects these errors.

WIC states that copies of this filing have been served on WIC's jurisdictional customers and public bodies.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with section 385.211 of the Commission's Rules of Practice and Procedure. All such protests must be filed in accordance with section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
